

Hill & Valley Exploration Tour A Celebration of Rural Living

September 19-20 and 26-27, 2020

The Hill & Valley Exploration Tour – a cooperative venture of rural farms, businesses, historic sites, educational institutes, and artist studios – strives to connect rural venues with consumers, cooperatively advertise for economic development, assist young farmers, and provide hands on education about our vital agricultural community. The Hill & Valley Exploration Tour is an economic revitalization effort through the creation of a direct marketing system for rural products and food.

Due to weather challenges, the 4th Annual Hill & Valley Exploration Tour has been moved to the last two weekends in September.

On the tour you can easily find local food and art producers, learn about the changing face of rural America, dine at a true Farm-to-Fork country eatery, find hidden gems, and visit a historic Folk Art site. Don't forget to bring your cooler to hold all your farm fresh purchases, an extra sweater, and the mud boots; this is country fun — rain or shine!

Picturing Sauk County Trail

The Picturing Sauk County Trail is an Art Project by the Hill & Valley Exploration

Tour developed in 2019! Take the Hill & Valley Exploration Tour and find the Picturing Sauk County Trail of framed vistas along the way.

These decorated metal frames are set up at various locations on the tour, providing opportunities for photos while enjoying the views of the gorgeous landscapes of Northern Sauk and Richland Counties. Vistas and Frame placement are updated for the 2020 tour!

This project, inspired by David Wells' Farm Framed, is supported in part by a grant from the Sauk County UW-Extension, Arts and Culture Committee, and the Wisconsin Arts Board with funds from the State of Wisconsin.
